# FOREWORD

The Ukrainian Welfare Association Inc., a body constituted under the terms of the Grant-in-Aid Scheme funded by the Department of Immigration, Local Government and Ethnic Affairs, was established to provide a welfare service to the Ukrainian community in New South Wales.

As one of its goals, the Association compiled a Ukrainian Resource Directory. This Directory lists Ukrainian churches, professional, business and trade services and community organisations. It is published to make it easier for non-English and English speaking Ukrainians to obtain the full benefits of services available to the community without any language barrier.

This project was co-ordinated by Ms. Olga Baranowsky, the Social Welfare Worker of the Ukrainian Welfare Association Inc. She was assisted in this task by Mrs Irene Kociumbas and Mrs Eugenia Barchinski. Both women were temporarily employed under the Commonwealth Employment Program, which was funded by the Department of Industrial Relations and Employment.

I take this opportunity to thank all those who gave of their time and energy to assist in successfully putting the Resource Directory together.

I am sure you will find this resource very helpful.

**Michael Parasyn**  
***President***  
**Ukrainian Welfare Association Inc.**

# INTRODUCTION

*This is the first Ukrainian Resource Directory of its kind to be published for the Ukrainian community in New South Wales.*

*The motivation behind the Directory comes from the belief that Ukrainian speaking people are better served by the professional and business people who also speak Ukrainian.*

*Given the lack of resources of printed materials such as pamphlets, and the absence of Ukrainian translators and interpreters, there is an important need for us to become more aware of the existence and location of Ukrainian service providers.*

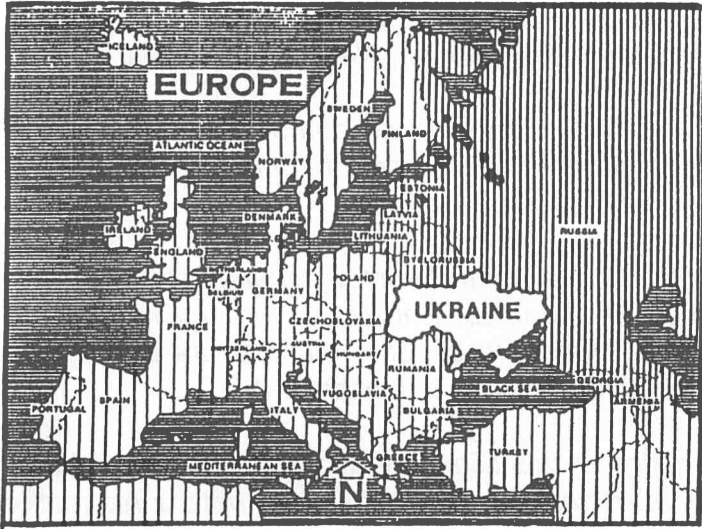

*The information in this Directory was collected throughout 1989 and, while every effort has been made to ensure that the information is current at the time of publishing, some unavoidable errors and omissions will have occurred. We do not pretend that this is an exhaustive list of relevant persons and sources, nor do we make any recommendation as to the ability and capacity of those named herein to deal with their relevant field of expertise.*

*We apologise to those who have been omitted although every effort was made to contact as many relevant people as possible.*

*To make up for these possible limitations we have provided, at the back of the Directory, a page for any inclusions, additions and/or amendments that you may wish to bring to our attention so that these changes can be incorporated in any future publication.*

*We trust that the Directory will be in daily use and prove to be helpful.*

*We see the Directory as a major resource, not only within our own community, but also for the use and benefit as a resource base with Government and non-government sectors.*

# UKRAINE: A Brief Overview

**AREA:** 603,700 square kilometres (*slightly larger than France*).

Ukraine is bordered by the Black Sea to the south; Poland, Czechoslovakia, Hungary, and Romania to the west and south-west; and by Byelorussia and Russia to the north and north-west.

**POPULATION:** 50,700,000 (1981).

**CAPITAL:** Kiev (*pronounced Key-ev*).

**ADMINISTRATIVE UNITS:** Ukraine is one of the fifteen republics which compose the U.S.S.R. Ukraine itself is divided into units called 'oblasts', there are twenty five (25) of these in Ukraine.

**HISTORY:** The history of Ukrainians begins with the appearance of the Slavs in Europe. The Slavs established themselves about 2000 B.C. in the region between the Oder and Dnieper Rivers. By the ninth century, an identifiable Ukrainian state had formed which was called "Kievan Rus", this state lasted till the thirteenth century.

In the 17th century, the Ukrainian cossacks created their own state and maintained it until the end of the 18th century, when Eastern Ukraine was finally absorbed into the expanding Russian Empire, whilst Western Ukraine became part of the Austro-Hungarian Empire. During the 19th century, there was a Ukrainian National Revival which had three phases — academic; cultural (the most notable figure of this phase being the poet and artist Taras Shevchenko;) and political. The political phase climaxed during the First World War when on the 17th March 1917, the Ukrainian Central Rada or "Council" was established in Kiev as an autonomous Ukrainian government.

On the 22nd January, 1918, the Ukrainian Central Rada proclaimed an independent Ukraine. Under military and political intervention primarily from the Bolsheviks independent Ukraine was subsumed by 1921 and formed into a puppet government called Soviet Ukraine.

In the years 1932-1933, there was a mass famine in Ukraine caused by the actions of the Soviet government under Stalin. All food in the peasant's possession was forcibly requisitioned and as a result, it is estimated that six to ten million men, women and children in Ukraine died. During and after the second World War, millions more died in combat or fled the war zone and became refugees. Refugees were the main group in post-war migration to Australia. These immigrants included priests, farmers, trades people, professionals, scholars, scientists, musicians and artists, many of whom had to fulfill two year contracts with the Australian government, in exchange for passage to Australia.

**UKRAINIAN LANGUAGE:** Ukrainian is the native language of fifty million people, this makes it the second largest of the Slavic group. The 'modern' Ukrainian language is made up by the usage of the Cyrillic alphabet, which consists of thirty three (33) characters.

## **UKRAINIANS IN AUSTRALIA**

Most Ukrainians in Australia are either Ukrainian Catholic of the Byzantine rite, or Ukrainian Orthodox. There is also a small Evangelical congregation. The Churches were instrumental in the lives of the early settlers and provided premises for meetings, Ukrainian language teaching, religious instruction and various cultural activities. Religion remains a strong force in the lives of many Ukrainians.

Ukrainian organisations such as religious, cultural, educational, welfare, professional, women's, youth, financial, sporting and recreational, exist to service the needs of the community.

The Australian Federation of Ukrainian Organisations (A.F.U.O.) is the major central body which represents the many Ukrainian organisations. It was formed in 1950 and co-ordinates the participation of Ukrainian-Australians in Australian social, cultural and political life.

The Ukrainian language is a matriculation subject in New South Wales, Victoria and South Australia. In 1983, a Lectureship in Ukrainian language and literature was established at Monash University (Vic.) under the initiative of the Association of Ukrainians in Victoria. The Foundation of Ukrainian Studies in Australia established Ukrainian studies at Macquarie University (N.S.W.) in 1984. The Lectureship and the Foundation are the result of community donations.

# Information about the Ukrainian Welfare Association Incorporated

The Ukrainian Welfare Association was set up as part of a plan to help meet the welfare and social needs of our Ukrainian community.

These needs were identified initially, at a meeting called by Rev. Fr. Ivan Szewciw, who invited representatives of Churches and community organisations' to join together and apply for Government funding as the voice of a **unified Ukrainian community**.

Some of the needs that were identified at that time were:

- 1) To be recognised and understood as a separate nationality, and to have some say in getting more government services for Ukrainians.
- 2) For written information about pensions, benefits and services in Ukrainian.
- 3) To have educational and social activities organised, particularly for the ageing population.
- 4) To have a Ukrainian speaking person (or people) to help community members who are uncertain about dealing with Government departments and non-government agencies about health, financial and welfare matters.

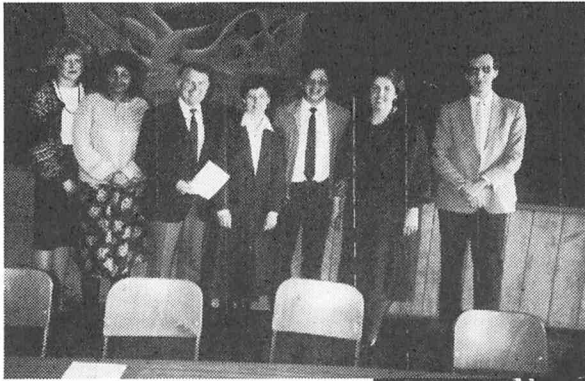

In mid 1984, a Steering Committee of interested people from various community based organisations was formed: these were — the Ukrainian Catholic Church, Ukrainian Autocephalic Orthodox Churches, Ukrainian Baptist Church, Ukrainian Women's Association, Youth Associations — Plast and S.U.M., and the Ukrainian Council of N.S.W.

This group of volunteers worked diligently for many months to prepare a comprehensive submission. This submission was to receive funding under the Grant-in-Aid Scheme from the Department of Immigration and Ethnic Affairs (now known as the Department of Immigration, Local Government and Ethnic Affairs). The grant is selectively awarded to community based organisations who provide a welfare service to ethnic clients.

In March, 1985, the Steering Committee was notified that their application was successful. This is the first time that such a grant was given to the Ukrainian community in N.S.W.

The Ukrainian Welfare Association was founded on 1 July, 1985. Originally, the position was staffed on a part-time basis for 20 hours per week. As of the 1 April, 1987, this became a full-time position. This is the first Ukrainian full-time professional welfare organisation in New South Wales

This organisation provides a service for members of the Ukrainian community. The purpose of the Association is to enhance the welfare and well-being of the whole Ukrainian community. Hence, it is a non-political and non-religious organisation where membership is open to ALL.
